

Test report

608707

Customer: Nordic Biopharmaceuticals
Object of analysis: NORDI-TB 500
Batch: 544199 **Sample:** 7
Subject: Identification and content of Thymosin Beta-4 Peptide
Method(s): HPLC

Sample / Analysis	Method	Status	Result	Specification	Complies
Thymosin Beta-4 Peptide					
Identification	HPLC	V	complies	complies	yes
Content	HPLC	N	greater	–	–

Method-status: A=accredited P= validated on product V=generally validated N=not validated E=external lab G=GMP

Remarks: The sample(s) mentioned above have been analysed as they have been sent to us by the client. We have not controlled external processes like manufacturing, labelling, sampling, shipping, storage. These results are for information only and do not compensate for correct quality control by the manufacturer/distributor. Generally, pharmaceutical products have to be produced and distributed under full GMP/GDP regime, including GMP-compliant analyses with validated methods. This report cannot be used for commercial reasons incl. product release and/or quality control. It is not allowed to use this analysis in the context of doping/sports/competitions or any other illegal action, neither by the athlete nor by the tutor/trainer or any other person.
