

Test report

567536

Customer: Nordic Biopharmaceuticals

Object of analysis: NORDITROPIN

Batch: 627127

Sample: 48

Subject: Identification and content of Human Growth Hormone 176-191 AA 100 I.U

Method(s): HPLC

Sample / Analysis	Method	Status	Result	Specification	Complies
Human Growth Hormone 176-191 AA 100 I.U					
Identification	HPLC	V	complies	complies	yes
Content	HPLC	N	greater	–	–

Method-status:

A=accredited P= validated on product V=generally validated N=not validated E=external lab G=GMP

Remarks:

The sample(s) mentioned above have been analysed as they have been sent to us by the client. We have not controlled external processes like manufacturing, labelling, sampling, shipping, storage. These results are for information only and do not compensate for correct quality control by the manufacturer/distributor. Generally, pharmaceutical products have to be produced and distributed under full GMP/GDP regime, including GMP-compliant analyses with validated methods. This report cannot be used for commercial reasons incl. product release and/or quality control. It is not allowed to use this analysis in the context of doping/sports/competitions or any other illegal action, neither by the athlete nor by the tutor/trainer or any other person.
